

Dear Friend,

You are receiving this message as a 'Friend of Hilary Cottage Surgery Patient Participation Group'. There are 3 main items of information for you.

Same day access to a GP and Healthy Heart Month

The staff at Hilary Cottage Surgery and the PPG have been working together on some new developments for February 2017. You will find details in the 'New for February 2017' item attached. We would like to thank all patients whose feedback helped us with both developments work. We would also like to draw your attention to the dedication and determination of the practice staff who continually look at provision and strive to continually develop it. Please give them your patience and support as this is trialed. If you are attending the surgery, you will be able to see the information below on the waiting room screen.

Flu clinics

We sent out the Flu Clinic information attached last Autumn. An increasing number of patients are contacting the surgery suffering from flu. A flu jab can help to prevent flu. If you are eligible to attend a flu clinic, or know someone who is, please make time to contact the surgery to arrange for this.

Events

Hilary Cottage Surgery have asked us to pass on the attached information about two events to be held at the Healthy Market Place room on the second floor in Cirencester Hospital. This is a relaxed meeting area where practitioners can provide useful information sessions.

1. 9th February - Podiatry. This is about keeping your feet healthy and why this is important
2. 28th February - Advice on how to keep active and healthy

Simply call the contact number on the poster to reserve a place.

best wishes,

Ann O'Hara and Liz McFadyen

On behalf of Hilary Cottage Patient Participation Group
